

AIB response to Asian Disaster recovery effort

6th January 2005

AIB Group has set up a –3 million fund to contribute to the Asian Disaster recovery effort. The fund will combine corporate donations from AIB and voluntary staff contributions from its employees, who have shown a very strong desire to be involved in a significant long-term initiative.

The fund will enable AIB and its employees to adopt, and see through from start to finish, a specific long-term economic recovery project in the Indian Ocean region, which will be selected and managed by the Irish relief agency GOAL.

AIB also anticipates that GOAL will, during the life of the project, identify opportunities for volunteer involvement by its employees.
