(1) The Indexed Property Valuation is the historical property valuation, indexed using the latest House Price Index (July 2018) with a 15% discount applied to the uplift in valuation. 100% of any valuation decrease is applied.

(2a) Up to and including November 2011, properties were indexed using the ESRI/PTSB house price index. This index has been discontinued with the last published index being for Quarter 4 2010. A new index, compiled by the CSO, has since been adopted through Regulatory Notice in December 2011.

(2b) In July 2018, the CSO index showed a national fall from peak (April 2007) in house prices of 18.8%, Dublin had a fall from peak (February 2007) of 21.8% & outside Dublin fall from peak (May 2007) of 23.1%.

(3) Seasoning is measured by reference to the opening date of loan accounts, which are set up on the advance of new mortgage loans, on further advances and on changes to the terms of existing mortgages resulting in the amalgamation of existing loan accounts into new loan accounts.

(4) The above 110998 loan accounts were secured on 99900 properties; there may be more than one loan account against a property.
