Home claims

Do

- put your personal safety first at all times. Never return to your property unless you are certain it is safe to do so
- contact a plumber if you need emergency repairs (in the event of burst pipes or similar water damage)
- move soft furnishings or carpets to higher ground (in the event of water damage)
- contact a reliable builder if you need emergency repairs or boarding-up (in the event of storm damage or a break-in)
- put your self in the hands of experts who are on your side. Ring AIB Home Insurance Claims on 1850 63 53 43.

Don't

- arrange for non-emergency repairs without checking with AIB Home Insurance first
- engage any builders or other contractors to start any structural repairs without our agreement
- dispose of any damaged property until we have had the chance to examine it
- throw away any paper work, you will need this to support your claim
- be bullied by anyone (or their representatives). Contact us first and always. It's in your best interests.
