STEP 1 GET YOUR INVESTOR PROFILE

Find out what type of investor you are by doing the investor profile test. Don't let the word "test" put you off. It's just some straightforward multiple choice questions to help us assess things like your attitude to investing and the types of investments you're most

comfortable with. By doing this quick test, you'll know what type of investor you are or if investing just isn't for you.

STEP 2 MATCH TO THE FUND THAT SUITS

This step matches your investor profile to the Irish Life MAPS fund that could suit you best. Irish Life MAPS is a range of Multi-Asset Portfolio funds available on the investments and pensions we arrange.

Each Irish Life MAPS fund has been developed to suit the needs of different types of investor profiles. So for example if your Investor Profile is Balanced, step 2 would show that Irish Life MAPS Fund 4 could be right for you.

STEP 3

SEE THE EXPECTED RANGE OF RETURNS

Steps 1 and 2 show you what type of investor you are and what Irish Life MAPS fund could best meet your needs. Your AIB Financial Adviser can show you the expected range of returns for that fund over different time periods.

So you can see that investments can fall as well as rise but you also know what range of returns you could expect from your Irish Life MAPS fund.
