- We are committed to addressing both our direct and indirect GHG Emissions, reducing and decarbonising our energy, and reducing the environmental impact of our transport.

- As part of our responsible sourcing program, we will source the most responsible packaging and logistics solutions available.
- We encourage all employees to participate in our active training and wellbeing programs.
- We will ensure the health, safety, privacy and wellbeing of families, communities, our workforce and the guests we serve.
- We will promote biodiversity and strive to prevent pollution.
- We will comply with all relevant environmental, health and safety and social regulations and legislation.
- We actively protect and nurture our soil health, natural ecosystems and pollinators.
- We will minimise use of energy, fuel, water, and reduce waste, carbon and other emissions throughout our operations.
- We will treat all stakeholders, employees and community with fairness, equality and respect at all times, in particular stakeholders with special requirements and needs.
- We will adopt efficient and responsible business practices through responsible marketing activities.

We are committed to embedding sustainability across our business. We are dedicated to communicating our progress and delivering on these objectives transparently to all our stakeholders. We will review our approach to sustainability and our performance each year.
